

TWO YEARS OLD.

BY C. S. PERCIVAL.

Playing on the carpet near me
Is a little cherub girl;
And her presence, much I fear me,
Sets my senses in a whirl;
For a book is open lying
Full of grave philosophy,
And I own I'm vainly trying
To keep my thoughts to hold;
But in spite of my essaying
They evermore are straying
To that cherub near me playing,
Only two years old.

With her hair so long and flaxen,
And her sunny eyes of blue,
And her cheek so plump and waxen,
She is charming to the view,
Then her voice, to all who hear it,
Breathed a sweet, entrancing spirit—
Of to be forever near it
Is a joy untold;
For 'tis ever sweetly telling
To my heart with rapture swelling,
Of affection only dwelling
Only two years old.

With a new delight I'm hearing
All her sweet attempts at words,
In their melody endearing
Sweeter far than any bird's;
And the musical mistaking
Which her baby lips are making,
For my heart a charm waking,
Finner in its hold
Than the charm so rich and glowing,
From the Roman's lip o'erflowing;
Then she gives a look so knowing—
Only two years old!

Now her ripe and boned kisses
(Honey, ripe for me alone),
Thrill my soul with varied blisses
Venus never yet has known.
When her twining arms are round me
All domestic joy hath crowned me,
And a fervent spell hath bound me,
Never to grow cold.
Of there is not this side of Eden,
Aught with loveliness so laden
As my little cherub maiden,
Only two years old!

Constitutional amendments proposed at the
first session of the Sixteenth General As-
sembly of the State of Missouri.

Proposed amendments to the Constitution.

Resolution to amend the Constitution in re-
lation to the organization of counties.
Resolved by the General Assembly of the
State of Missouri, two-thirds of each House
concurring therein: That no county now
established by law shall ever be reduced by
the establishment of new counties to less
than twenty miles square nor to less than
four hundred square miles; nor shall any
county heretofore established containing
less than four hundred square miles; nor shall
any county hereafter established, be entitled
to separate representation unless the num-
ber of permanent free white inhabitants there-
in, shall, at the time, be equal to three-
fourths of the ratio of representation then be-
ing; but may be organized with a smaller
number for all other purposes, civil and mili-
tary. That the following paragraph be and
the same is hereby established:
No county now established by law shall
ever be reduced by the establishment of new
counties, to less than twenty miles square,
nor to less than four hundred square miles,
nor below the ratio of representation then
required; nor shall any county hereafter
established containing less than five hundred
square miles; nor shall any county hereafter
established, be entitled to separate representa-
tion, unless the number of permanent free
white inhabitants therein, shall at the time,
be equal to three fourths of the ratio of rep-
resentation then being, but may be organized
with a smaller number for all other pur-
poses, civil and military.

This Medicine, when used according to di-

Scrofula or King's Evil, Cancer, Tumors,

TO THE PUBLIC!

The introduction of Dr. John Bull's un-
equalled Sarsaparilla, has formed an era in the
medical world. Its rise, progress, and the
many wonderful cures it has effected, since it
was introduced to the public, have been a sub-
ject of great astonishment, and even com-
manded the admiration of the American people.
When the history of this truly extraordinary
medicine is known, together with the extraordinary
exertions made by Dr. Bull, to make it the
most valuable compound of Sarsaparilla known
to the world, its rapid and unprecedented
rise and progress, will no longer be a theme
of astonishment.

Twenty-six years since Dr. Bull, then a boy,
came to Louisville, and was employed for a
number of years in studying the business of
an Apothecary, with Messrs. Byers & Butler.
Dr. T. E. Wilson, and the lamented L. George
Jr., After leaving the service of Dr. Wilson,
Dr. Bull was employed by Dr. F. Scorch, an
old and celebrated German Physician of this
city, and for many years, a Surgeon in the
Grand Army of Napoleon. Dr. Scorch,
during his life, made a great Extract of Sarsa-
parilla for the special use of the physicians
of this city, and which was considered at that
time by far the most superior article made.—
Dr. Bull was employed by Dr. Scorch, in com-
pounding this celebrated Sarsaparilla, and he
then conceived the idea and finally fully de-
termined (seventeen years since) to introduce
at some future period, for the consideration of
the afflicted, a preparation of Sarsaparilla.

Since that time his mind has been constantly
employed in studying the ingredients, and
experimenting to find a complete, safe, and
valuable compound of Sarsaparilla, such a one
as would be acknowledged by physicians as
undoubted in its efficacy, and hailed by the
afflicted with demonstrations of joy. By close
and unremitting study, he at last succeeded in
gaining the desired end. His extract having
been several years before the public, and its
merits completely tested, he confidently ap-
peals to the thousand certificates of its won-
derful cures, and hence for its great superi-
ority over all other similar compounds. It is
therefore a matter of no surprise, that the
question is frequently asked—"Why does Dr.
Bull's Sarsaparilla continue to advance rapidly
in the favor and confidence of the public, when
all other similar preparations, which have
preceded his, have been cast aside as un-
worthy of the slightest notice?" Though it is
not required yet this question is easily an-
swered. Dr. Bull has not worked alone for
pecuniary preferment; gain has not been his
sole object; he has had a higher and a nobler
aim constantly in view—that of relieving the
sufferings of his fellow men, and the public
have so completely rewarded him, that he has
time that they may gain a reputation, and
having attained the object of their wish, re-
duce their article, by leaving out its most val-
uable ingredients, to a worthless mixture, in
order to accumulate wealth. Dr. Bull has con-
tinued to use the costly ingredients which
his long study and experience enabled him to
discover, and which he has been of such invalu-
able service to suffering humanity. He seeks
to gain an unsolicited reputation, not only for
himself, but also for his renowned Sarsaparilla,
and is a fact worthy to be recorded, that
every gallon of the Sarsaparilla sold by Dr.
Bull is made with his own hands and under
his immediate superintendence. For several
years past he has been daily experimenting
in administering his mixture, without a single
patient pronounced incurable, and to his
terminal fame he recorded, his efforts have
been crowned with the most wonderful success.
His Sarsaparilla has now gained such a wide-
spread reputation, and is firmly established
upon such a solid basis, that he is fully satisfied
of his undoubted merits, and confidently chal-
lenges the combined Medical skill of Europe
and America to produce an out of Sarsaparilla,
superior to his Fluid Extract.

Dr. Bull would here like to introduce a few
of the many testimonials of the wonderful
effects of his Sarsaparilla, but to publish the
one quarter of the astonishing cures effected
by the use of this truly great medicine, would
require a volume of five hundred pages, and
the Doctor has to be satisfied by offering the
opinions of a few distinguished writers, be-
lieving that these opinions will be sufficient to
induce all who are afflicted to give Bull's sar-
saparilla a trial.

TESTIMONIALS.

Rev. E. W. Schen—Rev. E. Stevenson.
The following is a verbatim copy of a cer-
tificate now in the possession of the proprie-
tor of Bull's Sarsaparilla. Rev. E. W. Schen
is widely and generally known as an eloquent
and accomplished Pastor of the M. E. Church,
and Rev. E. Stevenson has been known as one
of the most talented and zealous members that
the Ky. Conference could boast of for many
years—and at this time is filling the high and
responsible station of agent for the M. E. Book
Concern. Can the world produce better, or
more satisfactory testimony in favor of any medicine!

Louisville, May 20, 1849.
We have used John Bull's Sarsaparilla, and
have known it to be used with entire satis-
faction; and we have no hesitation in stating
that we believe it to be a safe and valuable
medical compound, and calculated to produce
much good, and relieve much suffering; and
therefore, would cheerfully and most earnestly
recommend it to the afflicted.

[Signed]
E. STEVENSON.

TESTIMONY like the following, renders

Bull's Sarsaparilla.

From Dr. L. P. Vandell, Prof. of Chemistry
in the Louisville Medical College.

"I have looked over the list of ingredients
comprising John Bull's compound Extract of
Sarsaparilla, and have no hesitation in saying
that they form a safe compound, and one that
promotes well in chronic diseases, to which it
is applicable." L. P. VANDELL, M. D.
Louisville, June 6, 1850.

BETTER TESTIMONY than was ever ef-

fered in favor of any Medicine,
From Dr. James M. Moore.

Mr. John Bull, I have been constantly say-
ing that I believe your Sarsaparilla to be the
best article ever manufactured for the cure of
Scrofula, Syphilis, and many other Cutaneous
and Glandular Affections, having used it with
entire success in a number of the above cases.
Louisville, Dec 26 50 J. M. MOORE, M. D.
What Dr. Pyles, Physician by appointment,
to the Louisville Marine Hospital, says of
Bull's Sarsaparilla:

Louisville, March 20, '49.

I have examined the prescription for the
preparation of John Bull's Sarsaparilla, and I
believe the combination to be an excellent
one, and well calculated to produce an altera-
tive impression on the system. I have used
it both in public and private practice, and
think it the best article of Sarsaparilla in use.
M. PYLES, Resident Physician at the Loui-
sville marine hospital.

More testimony from Dr. Moore.

Dr. Bull: I am using your Sarsaparilla in
several new cases of Scrofula, and with happy
effect. I am now confident it is one of the
most efficacious medicines that can be made
for that disease. J. M. MOORE, M. D.

Rheumatism Cured!!

THE unequalled success which has at-
tended the use of MORTIMER'S RHEU-
MATIC COMPOUND AND BLOOD PURI-
FIER, in effectually curing the severest and
most inveterate cases of INFLAMMATORY
AND CHRONIC RHEUMATISM, is a suf-
ficient guarantee and recommendation to
induce all who are afflicted with this dreadful
disease to try its virtues.

Hundreds of cases, many of them citizens
of St. Louis and others from abroad, have
been cured within the last few months in the
city of St. Louis alone, while letters from
agents abroad show, also, that it is perfor-
ming wherever tried. Many of those
were Chronic cases of long standing, and all
hope of recovery had been given up. While
others were of more recent date; of the acute
inflammatory form, very severe. All however,
yield to the wonderful virtues of this medi-
cine, and thousands who have realized its
benefits, and are now in the enjoyment of
health, can but esteem the original discoverer
and proprietor, a benefactor of mankind.

It is well known from the experience of the
past, that no outward application can possibly
effect a permanent cure of this dreadful dis-
ease. By the application of stimulating lin-
iments, partial relief, in some cases, may be
obtained for a short time. But all the while
this disease is fixing its grasp more perman-
ently in the system, and sooner or later will
again develop itself in a more dreadful form,
and after a few periodical returns, it settles
into a chronic form, which, if not soon ar-
rested, ruins the individual for life. This is
verified by the history of the past in all countries,
and more fully demonstrated by the history
furnished of late to the proprietor of this Com-
pound, as given by several hundreds of those
who have passed under his immediate notice
and treatment during the last few months.

MORTIMER'S RHEUMATIC COM-
POUND AND BLOOD PURIFIER is an in-
valuable remedy—commences its operations
where the disease first originates, and, in pur-
suing the blood passes through the whole
system, neutralizes the impure, or diseased
system, which has settled upon the membranes
muscles and tendons—removes it entirely from
the system, and restores the individual to
perfect health.

Let those who are afflicted not deceive
themselves, and put off the use of this medi-
cine too long, or until their limbs are dis-
located or contracted to such a degree that
they are cripples for life. The experience of hun-
dreds of thousands during the past, as well as
a multitude at the present day, demonstrates
the folly of expecting permanent relief from
external application.

The proprietor of this valuable medicine
knows from experience that no outward ap-
plication can possibly effect a permanent cure,
where this disease is firmly fixed in the sys-
tem. He can and does prepare and apply em-
broidery in very acute cases, which will give
relief in one hour's time, but this will
